The Republicans of Damascus township east but 23 votes in their recent caucus.

CONGRESSMAN BLAND is now sharing honors with Congressman Wilson. The people are with both.

CONGRESSMAN DONOVAN voted for the Bland seigniorage bill. Mr. Donovan is always found upon the right side.

GOV. MCKINLEY has appointed as members of the board of trustees of the Ohio Archeological and Historical society, Messrs. Charles P. Griffin, of Toledo, A. C. Robinson, of Greenville, and Arthur H. Smythe, Columbus.

The Democrats of Damascus township have nominated the following ticket: Trustee, Daniel Counselman; Clerk, H. P. Dome; Assessor, J. W. Dahms; Constables, Grant Detray and W. F. C. Kinney. An excellent ticket. Hope it will be elected.

THERE are ten times more idle people in the old world at present than in the United States, and surely this state of affairs cannot be saddled upon the Wilson bill. These periods of idleness come upon the people of all countries, and after they run their course, active business prosperity is sure to follow.

THE NORTHWEST can furnish society address cards with colored embossed emblems of all secret societies, the Epworth League, Christian Endeavor, charity, firemen and various other societies to all persons who desire them. An illuminated catalogue containing several hundred specimens can be seen at this office.

THE Bland silver bill has passed the House, by a vote of 167 to 130, a majority of 37 for the bill. The following is an analysis of the vote:

Democrats for the measure, 141, against it, 50. Republicans for, 19, against, 70. Populists, 8, all for the passage of the bill. Whatever the fate of the bill may be in the senate, Mr. Bland won a great victory in the House, the result of earnestness, determination and skill.

The Republican legislature so far has refused to investigate the penitentiary scandals, outrages and incompetency. They know that an investigation will place the McKinley administration in no enviable light, and to shield the Republican party the outrages will go uninvestigated and the guilty ones unpunished. The Toledo Blade, one of the strongest Republican papers in the state, says an investigation is demanded by the people and all decency.

"There is no way to put money in circulation except through wages paid."—THOMAS B. REED. Yes, and the confidence destroyed by a long continued, trust creating tariff system has put money out of the reach of the wage earner.

"Issuing government bonds does not create circulation."—THOMAS B. REED. Neither does legislation exclusively in the interest of protected monopolies.

"The laborer must earn it and spend it and that will make it flush."—THOMAS B. REED. The laborer does not and will not get the full measure of benefit from his labor as long as the protected monopolies are fighting to get a corner on the government and compel a continuation of the tariff system.

"The statisticians say that 20,000,000 laboring people in this country earn, when at work, from \$30,000,000 to \$40,000,000 per day."—THOMAS B. REED. And nearly half of it goes to European pauper laborers who are brought over here to drive out American labor. There is no protective tariff on foreign pauper labor. It is the only thing on which protected barons do not want a tariff.

"The Wilson tariff bill will cut wages from 10 to 25 per cent."—THOMAS B. REED. If a protective tariff enhances the value of labor in this country, why does not the protective tariff in Europe enhance the value of labor over there? If we remember rightly the highest protected countries of Europe pay the lowest wages to labor.

"One third of our labor is idle now."—THOMAS B. REED. Yes, and one third, if not more, of our labor is brought over here by protected monopolists to take the place of honest American labor; brought from the slums of Europe; every hoof and claw of it brought from tariff protected countries of Europe. Never in the history of this country has there been a cargo of pauper laborers brought here from that great free trade bogie man, England. Italy is the highest protected country in Europe, and Italy furnishes the most contemptible and dangerous pauper element that comes to our shores.

JUDGE HANDY says that Judge Sheets was not trying to oust him from his position before his time expires, but as the question arose as to the close of his term, he, Judge Handy, thought the Supreme court should rule upon it, and it was upon his suggestion that it be taken there. We do not wish to do an injustice to Judge Sheets, but from the tone of the dispatches sent out from Columbus upon the matter, our conclusions were that he was using his influence to oust Judge Handy. We are pleased to know that that was not the case and that Judge Sheets was not lending himself to such small political business.

THE leading Republican paper of the West is the Chicago Tribune, and here is the way it talks about those political shepherds who pose as the bosses of the wool growers:

Nobody sympathizes with this Wool Grower's association, or rather the officers who boss it. In the past they have been intolerant, arrogant and domineering. They have claimed that raw wool must be made the alpha and omega of the tariff. They injected into the McKinley bill some features which excited great dissatisfaction and contributed to political defeats. It would be a good thing for the Republican party if the Lawrence and Delano of this association never went near the party again. They have always brought bad luck.

**Strange Coincidence.**  
 [From the Toledo News, 5th.]  
 Sewall E. Parker of this city, whose name has been before the public for some time, and who it is claimed had much to do in breaking the heart of his father some months ago and causing his death through worry and disgrace, came to an untimely end last night while engaged in a friendly boxing match with C. J. Dresser at Dr. Parker's rooms, 314 Cherry street.

Some months ago the young man was accused of being guilty of committing a forgery and this so preyed on his father's mind, Senter S. Parker, that the latter sickened and died. It appears that the young man, Dresser and Parker, were engaged in a friendly bout with the gloves last night, and in falling broke his neck. Drs. Havighorst and Thorne were summoned as rapidly as possible, but the unfortunate young man was dead before they arrived.

The death of the son was almost as remarkable as that of the father. In the course of the bout young Parker suddenly threw up his hands, as if warding off a blow, then slipped and fell backward. He had been in the best of health previously, and the death came with a terrible shock to those about him.

It is believed that young Parker was seized with a sudden fit of faintness, and falling backward was unable to save himself. The coroner was notified at once, and viewed the remains, which were taken to Mathias' undertakings rooms. The death of Senter S. Parker, father of the young man, attracted a great deal of attention at the time all over the country, and especially among the medical fraternity. The sudden death of the son is equally as peculiar

and is particularly shocking. The coroner is holding an inquest today over the matter.

**Another Pioneer of Monroe Twp. Gone to Rest.**

It is with sadness that we chronicle the death of another pioneer of Monroe township in the person of Christopher Busch, who was born in Germany, Jan. 27th, 1820 and died of pneumonia, Feb. 26th, 1894, aged 74 years and 29 days. Mr. Busch was a resident of Henry county for 40 years, and was respected by all who knew him. He leaves a wife and two sons to mourn his departure. The funeral took place from the German Reformed church, of which he was a member, Rev. Shadd officiating, and the remains were interred in the Knipp cemetery. May the Lord help those who are left to so read the pious counsels and imitate the good example of the one passed away, that when one by one they drop from the ranks of life, they may go to join him in the sweet by and by.

**R. I. P.**  
 Dearest father, death has claimed thee,  
 And we bow at his behest;  
 In that bright celestial city  
 Now thy spirit is at rest.

Rest dear father sweetly sleep,  
 Free from sorrow, free from pain;  
 Only waiting, only watching,  
 Till we all shall meet again.

**M. S. B.**  
 CARD OF THANKS.

We are so thankful to our neighbors and friends who so kindly assisted us during the illness and death of our father and husband. Our hearts are embroiled in sadness, but the great kindness and tender sympathy shown us by all who knew of our loss and sorrow, is a bright star in the midnight of gloom. We thank you from our hearts.

We are pained to hear of the death of Mr. J. O. Caldwell of Toledo, a long resident of Freedom in this county. Mr. Caldwell was a man of far more than ordinary ability, well versed in political and legal lore, and was well known to the older residents of the county.

Mr. James W. Harper is building quite an important addition to his handsome residence on Defiance st. Mr. F. A. Rowe is now duly installed as postmaster at this point. No Democrat in this township can fill that position as well as he. "The powers that be" have done a sensible thing.

The W. F. M. Society of this place held a regular meeting on Wednesday of this week, at the residence of Mr. M. Rand.

Quite a number of our teachers had made arrangements to attend the Tp. Township Association, at the Bowers school house, last Saturday, but the horrid state of the roads kept all away except one energetic soul—Mr. Richard Conway, teacher in the Dittmer Dist.

The Board of Education also ordered the teachers in several districts to bring the dictionaries now in their schools, about which there is some misunderstanding as to pay, to the township Clerk's office.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address:
